## LUXURY COLLECTION

*"True luxury is the freedom to shine without constraint"*

- Chiara Carli

**September 2025.**

**Pesavento Luxury is here, marking a return to the roots of fine jewelry to pass on a dream.**

The Pesavento Luxury collection is a tribute to timeless beauty, with a nod to the most authentic origins of luxury. It is boundless and timeless, without compromise. It is the freedom to be extraordinary, to arouse desires, and stimulate the boldness and personality of every woman. Always in perfect balance.

The heart of the Pesavento Luxury collection is the gems, brought back to center stage in a symphony of light and splendor. Large, shiny and eye-catching rock crystal and mother-of-pearl cabochons sparkle with shades of blue, pink, yellow and brown, creating necklaces, earrings, bracelets and rings of true brilliance. They range in shape from oval to round and oblong to square. They are enclosed in soft frames with white or yellow silver Pixel microbeads that sparkle with an infinite glow, creating a material and chromatic contrast that enhances each individual piece of jewelry.
